Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Discovery & Registration	Slot Search & Booking	Darshan Visit & Post-Visit
Actions <i>What does the customer do?</i>	- Searches online for temple darshan booking options. - Opens the DarshanEase website/app. - Registers with name, email, and password.	- Logs in to their account. - Selects a temple and views darshan timings. - Chooses an available slot and confirms the booking.	- Shows the e-ticket at the temple entry. - Completes the darshan visit. - Checks booking history for future reference.
Touchpoint <i>What part of the service do they interact with?</i>	- Search engine / social media. - App or website home page. - Registration form.	- Login page. - Temple and slot listing page. - Booking confirmation screen.	- E-ticket / QR code screen. - Temple entry counter. - Booking history page.
Customer Thought <i>What is the customer thinking?</i>	“Is this platform reliable and secure?” “How easy is it to sign up?” “Will my details be safe?”	“Is my preferred date and time available?” “Will the booking go through correctly?” “Will I get instant confirmation?”	“Will the ticket be accepted without issues?” “That was smooth and quick!” “I'd like to book again next time.”
Customer Feeling <i>What is the customer feeling?</i>	- Curious but a little cautious. - Hopeful about a simple process.	- Focused and hopeful. - Slightly anxious about availability. - Relieved once confirmed.	- Confident and satisfied. - Grateful for the time saved. - Likely to return for future visits.
Process Ownership <i>Who is in the lead on this?</i>	Frontend/UI team and Authentication Service.	Booking Service, Temple Service, and Seat Service.	Ticket Service and Support team.
Opportunities <i>How can we improve this stage?</i>	- Simplify registration with fewer fields. - Add onboarding tips for first-time users.	- Show real-time slot availability. - Send reminders before the darshan date.	Add a quick feedback/rating option.

			• Enable one-tap rebooking for repeat visits.
